Surgeons

Jointly Provided by the AANS

California Neurosurgery - Leading the Way

CANS Annual Meeting, January 18th - 20th, 2019

Sheraton Universal

333 Universal Hollywood Drive Universal City, CA 91608

Dear Colleagues,

On January 18th – 20th, 2019 CANS will be celebrating its **47th** Annual Meeting in Los Angeles, California. With its 400 members CANS is the largest state neurosurgical organization in the United States.

This year's meeting has an exciting agenda that will lead with a session on Head Trauma in Athletics. The short and long-term effects of sports related concussion have become an increasingly prevalent topic of conversation within various forms of media and households alike. Neurosurgeons play an important role in treating these patients, developing guidelines, and conducting traumatic brain injury research. We will discuss all sides of this debate, with a particular emphasis on youth sports.

We will follow this discussion with a session on Medical Litigation featuring lawyers, doctors and risk management officers. Several areas of interest include the manner in which the Electronic Health Record has changed the medicolegal landscape, as well as physician liabilities that are outside of routine patient care. There will be subsequent sessions that focus on leadership as well as how the November elections may change the delivery of Health Care.

It is a **MUST ATTEND** meeting. I look forward to seeing all of you in Los Angeles!

We look forward to seeing you at CANS!

Sincerely,

Langston Holly, MD
President, CANS

Please don't be late registering for this meeting as it will cost you an additional \$50.00 Registration deadline is Dec. 21st, 2018

CME

Learning Objectives

Upon completion of this educational activity, participants should be able to:

1. Describe the short and long term effects of concussions and head injury.
2. Identify the methods currently being utilized to make youth athletics safer.
3. Define the various factors affecting medical litigation from a risk management, legal, and physician perspective.
4. Identify the expected healthcare changes following the 2018 fall elections.
5. Compare surgical management and risk avoidance strategies for brain tumor, neurovascular and Chiari Malformation surgery.

JOINT PROVIDERSHIP ACCREDITATION STATEMENT:

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the AANS and (name of nonaccredited provider). The AANS is accredited by the ACCME to provide continuing medical education for physicians."

DESIGNATION STATEMENT

The AANS designates this live activity for a maximum of AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity."

JOINT PROVIDERSHIP DISCLAIMER

Before the program, anyone in control of the educational content of this activity will disclose the existence of any financial interest and/or the relationship they or their significant other have with the manufacturer(s) of any commercial product(s) to be discussed during their presentation. Disclosures will be included in the final program.

The material presented at the California Association of Neurological Surgeons 48th Annual Meeting has been made available by the California Association of Neurological Surgeons and the AANS for educational purposes only. The material is not intended to represent the only, nor necessarily the best, method or procedure appropriate for the medical situations discussed, but rather it is intended to present an approach, view, statement, or opinion of the faculty, which may be helpful to others who face similar situations.

Neither the content (whether written or oral) of any course, seminar or other presentation in the program, nor the use of a specific product in conjunction therewith, nor the exhibition of any materials by any parties coincident with the program, should be construed as indicating endorsement or approval of the views presented, the products used, or the materials exhibited by the California Association of Neurological Surgeons and jointly provided by the AANS, or its Committees, Commissions, or Affiliates.

Neither the AANS nor the California Association of Neurological Surgeons makes any statements, representations or warranties (whether written or oral) regarding the Food and Drug Administration (FDA) status of any product used or referred to in conjunction with any course, seminar or other presentation being made available as part of California Association of Neurological Surgeons 48th Annual Meeting. Faculty members shall have sole responsibility to inform attendees of the FDA status of each product that is used in conjunction with any course, seminar or presentation and whether such use of the product is in compliance with FDA regulations.
